

Trash Removal Guidelines

- Put trash out the night before your collection day. We start early!
- You may put up to 3 extra bags of waste out with your pickup.
- Customers are responsible for cleaning their trash cans. Keep yours happy by using disinfectant! Your can will stay cleaner longer if you bag your trash.
- Georgia law prohibits us from collecting batteries, tires, oil, liquid paint or combustible materials deemed hazardous, such as propane tanks or acids.
- Bulky materials such as drywall, concrete, bricks, dirt, tree limbs, lumber, sofas, major appliances, or rocks are not accepted for regular pickup. Call the office to set up and estimate removal.
- Use proper disposal of needles with sharps containers as advised by your physician.
- We do not accept dead animals
- Notify our office immediately when moving or transferring service.
