

Recycling Rules and Guidelines:

We also participate in the Hefty® EnergyBag® Program (which is transitioning to the Hefty ReNew™ Program) through Keep Cobb Beautiful. You can purchase these orange Hefty Energy bags at Kroger, Publix or Amazon.

Households who sign up for recycling with Trash Taxi, place their hard-to-recycle plastics (number 3-7) into Hefty® EnergyBag® orange bags. Once full, residents tie the bags and place them in their curbside recycling carts or bins during their regularly-scheduled recycling pick-up.

Trash Taxi picks up the tied Hefty® bags along with their regular recycling material and sends them to a WestRock material recovery facility (MRF) for sorting. The MRF then bales the bags and sends them to a local advanced recycling facility, which converts plastics into valuable resources.
